Cub Scouting is a great, family-oriented program that combines fun and educational activities and teaches lifelong values. It also helps parents strengthen character, develop good citizenship, and enhance both mental and physical fitness in young boys.

Additionally, Cub Scouting provides boys with positive peer groups and tools to shape their future. In Cub Scouting, boys learn ideals like honesty, bravery, thrift, and respect. These values help boys make constructive decisions throughout their lifetimes and give them the confidence they need to grow and develop.
